On behalf of the entire staff of the United Way of Metropolitan Dallas I want to extend our sincere thanks for the support provided by Move Solutions during the move to our new building. Your generous provision of services at a deep discount helped us save thousands of dollars.

In addition, your personnel provided world class service throughout the entire project from the planning phase to the "day after" follow up. This superior service made it possible for staff to work productively until the last minute before the move and to get back to work in the new facility with very little delay after the move.

The type of assistance your company generously and professionally provided is crucial to the well being of non-profits in this area as we work to make life better for everyone in our community. Thank you for your support.

Sincerely,
